

Picture Day & Pre-Rehearsal

April 29, 2017

Citrus Street Photography returns to our Dance Center on Saturday, April 29—YAY! All students will rehearse their routine in their costumes, then have a group picture taken for the Spring Show program. During this rehearsal, we'll make sure all costumes and accessories work with the routine. **It is very important that students are here for this rehearsal.**

After the rehearsal and group picture, students will have the opportunity to have individual dance photos taken. There is no sitting fee or purchase required to have individual photos taken, but Citrus Street does a great job of capturing memories. Just come and smile the day away! **Please refer to the Rehearsal and Picture Day Schedule (attached with this newsletter) for your specific photo time slot.**

Things to remember...

- *All necessary costume adjustments should be made before this day!.
- ***Change into your costume at the center to avoid accidents that may occur during your travels.**
- ***Arrive 15 minutes prior to your scheduled time! Classes will rehearse routines first at the designated time slot, then the class photo will be taken. Because of the tight schedule, instructors will not be able to wait to rehearse the class if a dancer is missing so please don't be late or your child will miss this important rehearsal and will not be in the group picture in the program!**
- *Light makeup is required and should be applied **before** coming to the center.
- *Follow the instructions on your costume sheets for shoes/hair/headpieces/accessories. Instruction sheets are online in Studio Director under class documents. Hair & makeup should be done for your first costume before arrival.
- *No underwear, no jewelry, and no colored nail polish. No exceptions!

We look forward to another fabulous photo session with our beautiful dancers!
Say Cheese! :-)

Ms. Karen
